

WRANGEL'S PREMIER MAKES APPEAL FOR AID FROM AMERICA

Army Reached Limit of Human En- durance

HOPES THIS COUNTRY WILL RESPOND

(By The Associated Press)
CONSTANTINOPLE, Nov. 15.—M. Kriwochyn, premier in the government of General Wrangel, talking to the American newspaper correspondents today made an appeal for American aid for refugees from southern Russia.

"The military disaster does not mean that there is no further necessity for further assistance," he said. "Aid now is more than ever a matter of life and death to the tens of thousands of unfortunate and utterly destitute refugees from the most cruel tyranny the world ever has known."

"General Wrangel's army has been bled white. Although inferior in numbers it held position against the overwhelming weight of the reds. The situation became extremely critical when General Wrangel was isolated especially after the Polish armistice in which he supported the brunt of the red onslaughts."

"We expected Perokop to hold out, but the premature frost proved a powerful ally to our enemy. Wrangel's positions were defended by frost-bitten, wounded and exhausted soldiers, the dead were piled in heaps, the cruel artillery snatching nearly all the commanders."

"Despite their high morale there is a limit to human force which has now been reached. Crimea, the last stretch of Russia where the principles of truth, liberty and freedom prevailed, is being evacuated. The wounded, the children, the women and the sick will be evacuated first, because if left behind their fate will be at the hands of the Bolsheviks will be frightful. Although saved from the red barbarians, they are bound for an unknown destination where they will be without the means of support in a strange country."

"We do not know where they can find refuge but the good people of the civilized world will not permit the destruction of peoples who are not responsible for the events except their repudiation of atrocious barbarism. Our hopes will not be in vain that the powerful American people are in a position to help and know how."

"I am aware that America and the newly elected president are opposed to intervention in European politics. I am sure however of their readiness to contribute to philanthropic works not connected with politics. Wherever there is misdeed and calamity it is impossible not to meet the flag of the American Red Cross."

"We appeal to the noble American people to stretch out a helping hand to the numberless unfortunate who lost everything and are embarking now on the cold high seas going God knows where. Our only hope is in the American people who surely will not be deaf to this piteous appeal and will earn the undying gratitude of the Russian people."

WITNESS SAYS DEFECTIVE RIVETS SENT TO WILSON

Claims Defective Riveting in Fleet Corporation Ships

OFFERS TO SHOW COMMITTEE

(By The Associated Press)
NEW YORK, Nov. 15.—Alleged defective riveting on ships constructed for the emergency fleet corporation was not only called to the attention of President Wilson, but evidence in the form of the rivets was sent to him, a witness before the Walsh committee inquiring into shipbuilding board affairs testified today.

The witness was Thomas H. Partell. In 1918 he was engaged as an inspector of hulls at the plant of the submarine boat corporation. He said his superiors would not support him in his contention of poor work—therefore he sent "President Wilson some samples" in the form of defective rivets.

Fired For It: Partell could not say if the president ever saw the "evidence" but he did know he was "fired for sending it."

Later on, he said, "the president answered his complaints through his secretary, Mr. Tamm. As a result he was reinstated as an inspector and given his back pay. Afterwards he was again discharged."

The witness challenged the committee to go with him to any shipyard they might name that was built during the war in some of the yards and he would point evidence of poor work.

MODIFY CARLOAD WEIGHT REQUIREMENTS

Grain Interests Urge Action by Interstate Commerce Commission—Small Buyers of Able to Make Purchases in Volume.

(By The Associated Press)
ST. LOUIS, Mo., Nov. 15.—Modification of the carload weight requirements of the interstate commerce commission affecting grain products when the present regulations go out of force January 1, 1921, was urged by representatives of the grain interests at a hearing held here today by W. V. Hardie, director of traffic for the commission.

A minimum carload weight of 48,000 pounds for grain products was established by the commission in August, after grain men complained the 60,000 pound minimum was working a hardship on the industry.

Shippers today reiterated their previous arguments stating that small buyers in grain products are not able to make purchases in the volume entailed by the weight regulations and asked for restoration of the 40,000 pound minimum in effect prior to October last year.

GOLD MINERS HAVE HARD EXISTENCE

Leading a "Hand to Mouth" Existence It Is Said—Big De- crease in Last Five Years.

(By The Associated Press)
DENVER, Colo., Nov. 15.—Gold miners are engaged in a "Hand to Mouth Existence" and the output of gold has decreased two thirds in five years, George E. Collins, told the American Mining Congress which opened today.

Mr. Collins said the gold output in the last five years has fallen from \$22,000,000 to \$7,000,000 a year and the bottom has not yet been reached.

"The nation's gold reserve," he said "great as it is, could not begin even to meet the victory notes and war savings stamps which mature early in 1923."

He added that the relative strength of British exchange it seems clear is based largely on the steady stream of new gold produced from the empire.

ST. JOHN'S COLLEGE STUDENTS STRIKE

ANNAPOLIS, Md., Nov. 15.—In defiance of the board of governors and the faculty of St. John's College, the entire student body, consisting of the Senior, Junior, Sophomore and Freshmen classes, about 200 students in all—went "on strike" today. The school has therefore suspended operations, at least temporarily.

"Inefficiency of the board of governors and visitors of St. John's college to satisfactorily adjust and direct the movements of this college," is the reason for the walk-out, according to a letter to vice president John B. Ripper, signed by L. W. Hacht, "chairman of publicity committee."

This action came after it was thought the controversy between the members of the Sophomore class and the board of governors had ended this morning when the Sophomores signed a pledge that the class would amend the rules adopted as a means of enforcing subordination on the freshmen classes and abolish hazing insofar as "slatting or compelling the freshmen to perform menial service is concerned."

HEAD OF BELGIAN DELEGATION CHOSEN TO LEAD LEAGUE

Is Selected President of League of Nations

DELEGATES GREETED BY M. MOTTA

(By The Associated Press)
GENEVA, Nov. 15.—(By The Associated Press.)—Paul Hymans of Belgium was elected permanent president of the League of Nations at the opening session of the league's assembly here today. He received 35 votes to 4 votes for President Motta of Switzerland and one each for President Ador of Switzerland and Leon Bourgeois of France.

M. Hymans had called the delegates to order and introduced President Motta of Switzerland, who in his address welcoming the delegates expressed the hope that the United States would not delay much longer in "taking its legitimate place in the league."

When M. Hymans, who heads the Belgian delegation and is a former foreign minister of Belgium declared the first session of the assembly opened the hall was crowded with men and women among the delegates. Their toilets, with the quaint red and yellow gowns of the guards gave touches of color to an otherwise sober scene.

PIZA TELLS COURT ABOUT DAUGHTER'S PROXY MARRIAGE

Says That Crane Posed as a Man of Fifty to His Daughter

WITNESS QUESTIONED ABOUT DANCER

(By The Associated Press)
GENEVA, Ill., Nov. 15.—The proxy wedding of Elida Piza, daughter of Emil Piza, wealthy planter of San Jose, Costa Rica, and Herbert P. Crane, millionaire son of the late Richard T. Crane, the iron master, was described in court today by Mr. Piza. The Costa Rican coffee planter came here from his home in Central America to answer charges contained in his son-in-law's cross complaint to Mrs. Crane's suit for separate maintenance. The sixty year old millionaire posed as a man not 50 when he met the youthful Costa Rican belle four years ago, Mrs. Crane's father said.

Mr. Crane, he said, voluntarily offered a marriage settlement when the details of the proxy wedding were arranged, but the promise, he added, was never carried out.

Mr. Piza was questioned by his daughter's attorney regarding his acquaintance with the late Gaby Deslys, the Parisian dancer. In his cross petition Mr. Crane deposed that he was forced to intercede and affect a monetary settlement with the dancer on behalf of his father-in-law, Mr. Piza, during the claim and said his acquaintance with her was only casual.

The Cranes have occupied separate quarters in Mr. Crane's Wild Rose Farm here for more than two years, with locked and barred doors between them. Mrs. Crane is the mother of a two year old son who the father had never seen until they met in court a few days ago.

ARMENIAN CAPITAL HAS BEEN ABANDONED

(By The Associated Press)
NEW YORK, Nov. 15.—Eriyan, capital of the Armenian republic, has been evacuated, communications between the great railway junction of Alexandropol and Tiflis, capital of Georgia have been cut, completely isolating Armenia from the outside world and the road from Ardahan to Ardahan is jammed with Armenian women and children according to cable dispatches received by the headquarters of the Near East relief here today.

At the same time, reports were received that Mustapha Kemal Pasha in person at the head of the Turkish nationalists forces operating against Armenia, has ordered the Georgian movement to evacuate Batum on the Black Sea and that the Georgian army has been mobilized to defend that port.

Appeals have been sent to the International Red Cross, the Near East Relief and the Lord Mayor's committee to rush food, medicine and clothing to Batum.

ARKANSAS LEGISLATORS WILL VISIT U. OF I.

LITTLE ROCK, Ark., Nov. 15.—Plans of Arkansas legislators to visit several agricultural colleges in other states have been so changed to eliminate schools in Wisconsin and Iowa, it was announced tonight. The date for the start of the tour also has been changed from November 15 to Nov. 29.

The list of agricultural colleges to be visited now includes those of the University of Arkansas, the University of Illinois and Purdue University at Lafayette, the Iowa Agricultural College at Ames, Iowa and the Missouri College of Agriculture at Columbia, Mo.

MORS BREAK UP SALVATION ARMY JUBILEE

TOKYO, Nov. 15.—Anti-Christian mobs twice broke up Salvation Army jubilee celebrations here yesterday. Gangs of students dispersed an open air gathering, while a mob invaded the decorations, and silenced the speakers. Officials of the Salvation Army declare they believe the disturbances were fomented by Buddhists.

Bulletins From Here and There

SANTA FE, N. M., Nov. 15.—The Hardin-Coolidge presidential electors carried New Mexico November 2 by a plurality of 12,167, according to a complete tabulation from official records. The plurality of Merritt C. Mechem, Republican candidate for governor was 3,626.

WEIRTON, W. Va., Nov. 15.—Officials of the Phelps Can Company announced tonight that their plant employing 200 persons would be shutdown immediately due to lack of orders.

UNIONTOWN, Pa., Nov. 15.—A fire which company officials estimate will cause a minimum loss of \$1,000,000 is raging in the mines of the Uniontown-Connelville Coal Company near Brownsville. The fire started Sunday in the main shaft of the shaft. The cause has not been determined. When the fire broke out there were 150 miners at work but they escaped without injury.

LONDON, Nov. 15.—The Irish home rule bill passed its first reading in the house of lords today. November 23 has been fixed for the second reading of the bill, when its rejection will be moved by Lord Dunraven.

SALT LAKE CITY, Utah, Nov. 15.—Clare Brome, San Francisco light weight, was awarded a referee's decision over Pat Gilbreath of Salt Lake City in a fast six round bout here tonight. Brome led all the way. In a four round contest Young Papke, Sacramento, Calif. light weight, shaded Eddie Lynch of North Platte, Nebraska.

CREW OF GREAT LAKES FREIGHTER FINALLY RESCUED

Are Taken Off After Being Marooned Sixty Three Hours

RESUE IS EFFECTED BY TWO TUGS

(By The Associated Press)
SAULT STE MARIE, Mich., Nov. 15.—After sixty three hours aboard their storm-tossed vessel the 7,600 ton steel freighter Frances J. Wilder, Captain Arthur Forbes and the twenty seven members of the crew reached here late today on the rescue tug Iowa and C. E. Ainsworth, none the worse for their experience except for minor bruises and exposures.

Rescue of the crew was effected at noon today when a yawl from the Iowa braved heavy seas to make three trips to the Wilder which lies in imminent danger of breaking up on Pancake Shoals near White Fish Point.

From the time the ship was driven upon the rocks Friday night until the crew was taken off great waves pounded over her at times washing completely over the deckhouse.

The crew gathered in the forward cabin when the vessel grounded, suffered some hard-pressed Friday night and until late Saturday they lack of food, the big seas preventing their going astern for supplies.

PENNSYLVANIA LINES MAKE BIG REDUCTIONS

PHILADELPHIA, Nov. 15.—The Pennsylvania Railroad will lay off 2500 more men, 1,000 of them on the Philadelphia division within the next five days, according to an announcement today by the company. The Philadelphia division extends from outside this city to Harrisburg.

Fifteen hundred employees will be laid off in the central Pennsylvania division, which comprises Williamsport, Sunbury, Elmira and the Schuylkill division. At Williamsport, where it is announced 505 will go, the majority will be car men employees.

Since the end of October there has been a total net reduction of more than 10,000 employees on the Pennsylvania system, most of them cut of Pittsburgh.

WILL CONTINUE TO OBSERVE NEUTRALITY

LONDON, Nov. 15.—As Great Britain has never recognized the Wrangel government in South Russia and now is proceeding with negotiations aiming at the opening of trade relations with soviet Russia, the British navy will continue to observe strict neutrality was stated today.

Reports from Constantinople that the British navy would assist in the blockade of Black Sea ports, were denied by the admiralty.

PLANS BEING MADE FOR ICE HOCKEY LEAGUE

PHILADELPHIA, Nov. 15.—Preliminary arrangements have been made for a six team intercollegiate ice hockey league, Princeton, Pennsylvania, Yale, Dartmouth and Cornell were represented at a meeting here while Harvard sent word it favored organization of the league. A constitution and by-laws will be drawn up and a tentative schedule arranged this week for subscription to the league.

URGE CHICAGO BAKERS TO REDUCE PRICES

CHICAGO, Nov. 15.—Chicago bakers were summoned to the city hall today by Russell Poole, secretary of the council high cost of living committee and urged to reduce the price of bread from 15 cents for a pound loaf to 10 cents.

KANSAS MILLERS SAY SHUTDOWN DUE TO SLACK DEMAND

Mills Lost Big Client- tele by Canadian Competition

SELLS CHEAPER THAN LOCAL PRODUCT

(By The Associated Press)
TOPEKA, Kan., Nov. 15.—Officials of Topeka flour mills testifying today, before the Kansas court of industrial relations on a citation to show why they limited production of flour without first obtaining permission provided by the industrial court act, said they had partly been shutdown by a slack demand for Kansas flour.

"So far as I know, this is the first case of the kind which has been tried in the whole world," said Presiding Judge Huggins, in opening the hearing.

F. S. Jackson, attorney for the industrial court in his preliminary statement said the object of the citation was, first, to determine whether or not there has been a limitation of production, and if so to reason, then to determine whether the court should make an order requiring production at a certain percentage of capacity or to cease entirely.

The price of flour has decreased since September 1 from about \$12.50 to \$8.50 a barrel, testified F. Cramer, president of the Topeka Flour Mills company. We are now operating at two thirds capacity and have laid off six or eight unskilled laborers, he said and added that his mills are now manufacturing flour at a cost of \$11.3 a barrel as compared to a former cost of 90 cents. Cramer declared it was to their advantage to operate at full capacity because of overhead expense and that only a lack of orders has decided production.

Canadian Competition Hurts
Theodore Ismert of Kansas City, Kansas, testified that the states east of Pennsylvania including one third of the population of the United States had been lost to the southwestern milling trade thru the limitation of Canadian flour from \$1 to \$1.50 a barrel lower than it could be manufactured here.

H. H. Oeder of the Topeka flour mills company testified that at the recent convention of the American Baking Industry in Atlantic City, N. J., where millers from all over the country went to make contracts that five times as much Canadian flour as United States flour was purchased.

All of the millers on the stand joined in declaring the falling demand was due to the condition of the world market glutted by the bumper crops of the United States and Canada and depressed further by prospects of big crops in Australia, Argentina and India. The millers denounced free importation of wheat from Canada. Wheat can be grown cheaper in Canada than in the United States they testified.

TICKETS FOR ILLINOIS OHIO GAME SOLD

(By The Associated Press)
CHAMPAIGN, Ill., Nov. 15.—Every ticket for the Illinois-Ohio football game next Saturday has been sold. The battle will be the biggest in the West. Ohio closes the season with a clean record. Hellstrom, the U. S. kicker, will be in the game. He was injured in the Wisconsin game, but medical examination shows his injuries are not serious. Illinois defeated Ohio last year by a place kick in the final minute of play and it is to wipe out this defeat that the Ohio crew is working as it never worked before.

Coach Lundgren, who has charge of the ticket sales, announced that standing room will not be left on Saturday. Those ordering tickets who cannot be supplied are being given the standing room.

MANUFACTURERS START TO REDUCE WORKING HOURS

WORCESTER, Mass., Nov. 15.—The Norton company, manufacturers of abrasives today started a forty-four hour week for its employees because of a reduction of business.

The Graton and Knight Manufacturing company, Belt and Leather manufacturers is put on a five day week.

The Bradley Car Works has cut its force from 1,000 to 800 men and the Whittall Carpet mills are closed entirely for a week at least.

14 SCHOOLS ENTERED IN CROSS-COUNTRY RUN

CHICAGO, Nov. 15.—Fourteen in the annual cross-country run of the Western conference, it was announced today. The event will be staged at the University of Illinois next Saturday and will be preliminary to the Illinois-Ohio football game.

In addition to the teams from the "Big Ten," teams also are entered from the University of Kansas, University of Nebraska, Michigan, Arizona, and Mississippi A. and M. college.

LEGISLATION TO MAKE REBEKAHS INDEPENDENT ORDER

The Grand Lodge Has Such Laws Under Consideration

REBEKAH PRESIDENT OPPOSED TO MOVE

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 15.—Virtually divorcee of the Independent Order of Odd Fellows in Illinois from its auxiliary, the Order of the Rebekahs, is predicted as a result of legislation prepared here tonight for introduction tomorrow at the official opening of the eighty third Illinois Odd Fellows Grand Lodge and the Rebekah state assembly.

Approved by the next grand master of the Odd Fellows, Dr. C. A. Robbins of Dixon, two resolutions have been drafted. One would take the power of appointing deputies of the 757 Rebekah lodges in the state from the grand master and give it to the Rebekah state president. The second resolution would transfer in like manner the power of granting dispensations for institution of new Rebekah lodges.

Opposition to this move is most determined that portion of the Rebekah assembly, following the election of Mrs. Ida Sherman of Chicago. Mrs. Sherman has voiced her disapproval as has also Mrs. Grace A. Henry of Sandwich, chief of the board of examiners. They declare such action would be shortsighted and would work more harm than good to the Rebekahs by separating between the Odd Fellows and Rebekahs and eventually causing complete divorce.

Besides the next grand master it is said that the next president of the Rebekahs, Mrs. Alice M. Trees of Peoria, approves the two resolutions.

Sessions of the grand encampment, the militant order of Odd with the appearance of the head of all Odd Fellows in America, Grand Sir John Oliver of Toronto, Canada. He and state officers of the order were guests at a banquet tonight given by the Springfield chamber of commerce.

HARDINGS FIND REFUGE FROM STORM IN BROWNSVILLE

Were Forced to Abandon Storm Besieged Vacation Cottage

TWO FISHING TRIPS ONE GOLF GAME

BROWNSVILLE, Texas, Nov. 15.—(By The Associated Press) President-elect Harding permanently abandoned his storm-besieged vacation cottage at Point Isabel today and found refuge in Brownsville from the wintry norther that has broken up his outing on the gulf coast.

He made the trip by automobile, covering the twenty miles across the desolate prairie in a little less than two hours. The dirt road over which he came, pronounced impassable yesterday, had improved overnight and except for a few detours and much harmless skidding, the journey was without incident.

The motor road was chosen by the president-elect despite the fact that narrow gauge special train on which he made an unsuccessful attempt to escape last night from the narrowed point, had been held in readiness for a renewed essay, today.

From first last Mr. Harding's vacation at Point Isabel which began last Monday has amounted to two fishing trips, one game of golf and many hours about the little wood fire which he sought to keep his cottage comfortable.

Mr. and Mrs. Harding will spend the remaining two days of their visit to Texas at the Brownsville home of R. B. Croager, a lawyer here, whose guests they were at Point Isabel and on whose advice the trip to the gulf coast was undertaken. They will leave by special train Wednesday for New Orleans to take the ship for Panama.

OVER SUBSCRIPTION FOR TREASURY CERTIFICATES

WASHINGTON, Nov. 15.—Over subscription of the latest issue of 5 per cent treasury certificates was announced today by Secretary Houston. Preliminary reports indicate that the total subscriptions aggregate \$275,000,000 on an issue of \$240,000,000 or thereabouts.

ALLEGED MURDERER TAKEN TO KANSAS CITY

GREAT FALLS, Mont., Nov. 15.—Dennie Chester arrested here Nov. 8 for the alleged murder of Miss Florence Barton in Kansas City, Oct. 2, was taken to Kansas City yesterday to await trial for murder, in custody of Kansas City detectives.

HARRISBURG WOMEN DIES

HARRISBURG, Ill., Nov. 15.—Mrs. Charles Fields who was shot November 7 by Clyde Miner, her son-in-law, died last night from her wound. Miner killed his wife and then himself after shooting Mrs. Fields.

ADMIRAL BENSON TO CRITICS, OF SHIPPING BOARD

Says No Wrong Doer Will Escape if Re- ported to Him

EASY MATTER TO PICK FLAWS

(By The Associated Press)
CHARLESTON, S. C., Nov. 15.—Replying to critics of the shipping board and emergency fleet corporation, Rear-Admiral William S. Benson, chairman of the board declared in an address to the press that "his fellow countrymen could depend upon it that no wrongdoer connected with the board will escape if his wrongdoing is called to my attention."

"It is an easy matter for any one to pick flaws in an organization like the shipping board," he said. "We had to train 300,000 shipbuilders and in the manning of our ships we had to train thousands of men. Of course, in an organization of this magnitude you will find here and there evidence of wrong-doing and now and then you will uncover a systematic effort to defraud."

"The men who depend upon me to check upon those who might be tempted to do wrong, bear a heavy responsibility if they failed us, but in an organization spending more than three billion dollars, where, as the largest steamship operator in the world millions of dollars are expended from day to day it would be humanly impossible to prevent all wrong doing or to do business without suffering financial losses from time to time."

"If mistakes have been made, they are mistakes that naturally may be expected in such a stupendous enterprise involving as it does the active employment of more than 1,600,000 vessels with the manifold problems involved in ship operation."

NEW YORK POLICE INSPECT AUTOMOBILES

NEW YORK, Nov. 15.—New York City's 14,000 policemen became automobile experts all of a sudden today.

Acting on orders received Saturday for a campaign to reduce the number of automobile accidents the police nailed thousands of automobiles and examined them for mechanical defects. If anything wrong was found the drivers were directed to garages and repair shops.

Finishing their mechanical inspections the police handed every driver a book containing traffic regulations, bearing on its cover the biblical commandment, "Thou Shalt Not Kill."

During the day a dozen persons were injured and a boy was killed by automobiles.

SEVERAL RAILROADS TO REDUCE FORCES

(By The Associated Press)
ALBANY, N. Y., Nov. 15.—Four hundred shopmen employed by the New York Central Railroad company at the West Albany repair shops and one hundred other workers will be laid off tonight, officials of the company announced today.

The Boston and Albany railroad posted notice that ten per cent of its working force of 750 here would be made idle next Wednesday.

A slump in business is responsible for the reductions, company officials say.

CHOSEN CHANCELLOR OF UNIVERSITY OF PITTSBURGH

PITTSBURGH, Pa., Nov. 15.—Dr. John Gilbert Bowman, director of the American College of Surgeons, and formerly president of the state university of Iowa has been chosen chancellor of the University of Pittsburgh to succeed Dr. Samuel Black McCormick, according to an announcement given out by the university authorities today.

MRS. TERENCE M'WINNEY WILL VISIT UNITED STATES

WASHINGTON, Nov. 15.—Mrs. Terence M'Winney, widow of the late lord mayor of Cork, today cabled the commission of 100 investigating the Irish question that she had obtained a passport and would sail November 24 for the United States to testify in hearing being held by the commission.

In Urbana they just canvassed the vote and find several thousand fewer ballots cast than in the election of 1916. This canvassing work was completed just a few days ago. Here the canvassing work has been completed so many days ago that the results have almost been forgotten.

In one Illinois city just about twice the size of Jacksonville a fund of \$25,000 is being raised for the annual budget of the Associated Charities, Jacksonville's fund for its Social Service league is either inadequate or else the number of needy in this community is much less than in the other city.

Not a great deal of noise is being made about the Red Cross roll call. Nevertheless the work is proceeding steadily and with satisfactory results. Chairman Spink has a good organization,

and then there is the other fact that people are so familiar with the work of the Red Cross organization.

CUTTING THE PRICES

There are reduction and stock reducing sales in certain lines these days as the result of the downward trend of prices. The sales are somewhat difficult for the merchants who have bought stocks on high markets, but mightily fine for the consumer. Sales seem to be quite general in the merchandising world and result from at least three influences—the slowing down of business in the manufacturing, the unusually warm weather until a very recent date, and the firm determination on the part of many people to wait for the days of lower prices.

AN INCREASINGLY BIG PROBLEM

Immigration, long one of the most important of the national questions, is these days assuming still more importance. One day last week 10,000 immigrants reached Ellis Island. So many are coming from foreign shores that the port of entry is constantly crowded. There are said to be millions waiting for the opportunity to come to American shores. In the war days when there was not enough labor in any line, immigration would have been a welcome relief. Even in the early part of this year the managers of industries were glad for help from foreign lands.

Now the situation is different and with the closing of many industrial plants and many Americans at least temporarily out of

employment, it is a question just how much restriction should be placed upon immigration. Certainly this is one of the biggest problems that congress has to consider.

WORTH WHILE WORK

In Decatur the other day a large group of men from the Rotary club spent the afternoon cutting down trees on the grounds of the Welfare home. This work needed doing, the funds were not available and so the Decatur business men who belong to the club did the work themselves. Incidentally they got some valuable exercise.

But the most important thing was the interest shown in the welfare work. Rotarians and men of other organizations are making it their business these days to do something for boys and girls. They have come to understand that providing the right kind of recreation is a fine investment. They are realizing that the way to solve the question of future citizenship is to surround the young people of today with the right kind of influence.

TRYING TO SAVE CHILDREN

Two children were yesterday declared dependent in the county court and sent to a southern Illinois institution maintained for orphaned and dependent children. Local authorities and charity workers have worked consistently for this little boy and girl. They have labored month after month with the parents in the endeavor to gain for these children decent home conditions. The efforts have failed.

Judge Samuel devotes a great deal of time and thought to his work in the juvenile court and a representative of the state department of public welfare recently made comment that the county is fortunate in having a judge so much interested in child life. The cases of children that come before him evidently appeal to him strongly, and there is the constant endeavor to protect child life. It is not surprising those who come into close contact with cases of dependency constantly regret that there is no local institution where children of this kind can be given the attention and surroundings that their cases require.

Rippling Rhymes
By Walt Mason

BUSY MEN
 Some of us are gifted speakers and we make the welkin sound, fading all the lesser shriekers who may argue and expound; and our grace you'll be allowing when we come before you bowing—but the farmer with his plowing makes the old world's wheels go round. Some of us are famous fighters, with our guns and butcher knives;

and a lot of us, as writers, buy the fodder for our wives; others on the stage are playing, through the lines of "Hamlet" straying, but the farmer with his haying is the man who saves our lives. Some have all their lives devoted to the well known public weal, and in congress, silver-throated, you may hear them ably spiel; and they have our admiration, our applause and adulation—but the farmer saves the nation, when he feeds the calves their meal. Some are painting gorgeous pictures destined to a deathless fame, and, despite the critics' strictures, they will get there just the same; some are preaching public morals, some are gaining singers' laurels, or his claybanks, plays the game. And the farmer isn't yawping as he goes his dusty way, and we do not see him stopping, yelping for a six-hour day; when the early dawn is breaking he goes briskly to his raking, and his honest bones are aching when at night he hits the hay.

DOKAYS MAKE PLANS FOR FALL CEREMONIAL

Team From El Mork Twain Temple Handball Will Put on Work—Committees Appointed for Big Event.

At the regular meeting held Monday evening Ildem Temple No. 62 discussed plans for the big fall ceremonial to be held Thanksgiving afternoon and night.

It was announced that Dr. Frank Hall and his degree staff from El Mork Twain Temple of Hannibal, Mo., will come over and put on the ritualistic work. Dr. Hall is a former resident of Jacksonville and is one of the leading members of the Hannibal Temple. It is expected that a large number of members will accompany the staff.

Roodhouse has notified the local temple that they will send a large delegation and a number of candidates. Invitations also have been extended to all surrounding lodges and it is expected there will be a large number of visitors from other places.

The festivities will start at 4 o'clock in the afternoon when the ritualistic work will begin. From that hour until the wee small hours of the morning there will be something doing every minute. Of course there will be a brief respite for the tyros at 6 o'clock when a turkey dinner will be served.

The following committees have been appointed for the ceremonial:

Membership—James Guyette, George Wiseman, Jewell E. Scott, Fannett, Glenn Cannon, Clarence Swaby, Lloyd Hall.
 Music—Earl Richardson, James Guyette, C. B. Magill, M. S. Gilbert.
 Eighth Order—George Brown, George Wiseman, Fred Jameson, Fred Mounts, Ivan Ingram.
 Reception—John B. Sbert, Otto H. Buhman, H. L. Barrow, John Kastrop, C. B. Magill.
 Master of Ceremonies—L. O. Vaught.

Deaths

Herron.

William L. Herron, aged 74 years, a former prominent resident of the Manchester community, died at 1:30 o'clock Monday morning at a local hospital. The remains were removed to the Reynolds mortuary, and late in the afternoon will be sent to Manchester, where funeral services will be held and burial made.

Mr. Herron followed the occupation of farming many years. He was highly respected in his community. Surviving are his wife, Lucy Herron, and two sons, Elijah Herron and Rev. Mr. Herron, both of Manchester.

DECREASE IN WORKERS

IN M. E. DENOMINATION

Chicago. — By The A. P. — There is a decrease of nineteen deaconesses, 44 probationers and 104 associated workers in the Methodist Episcopal church, according to a statement issued by Dr. Daniel W. Howell, corresponding secretary of the General Deaconess Board of the Methodist church. This decrease was partially explained by the large numbers of young women who are going out as missionaries to foreign lands and as community workers in home missions in the states.

Dr. Howell reported to the Centenary Conservation Committee in Chicago that there are 80 deaconess homes with property valued at \$5,111,369. These deaconess homes employ 682 deaconesses, 65 probationers and 107 associated workers. There are 26 hospitals of which the property value is \$4,522,217 and which employ 97 deaconess, 18 probationers and 373 workers. There are nine deaconess Training Schools of which the property value is \$694,274 and employ 40 deaconesses, four probationers and 21 associated workers. There are five deaconess Educational Schools of which the property value is \$380,976, and employ 27 deaconesses, one probationer and 30 associated workers.

THE CHRISTIAN CHURCH EVANGELISTIC SERVICES

The meeting in charge of Dr. E. E. Violette at the Central Christian church was in full swing Sunday. A large audience assembled at the morning hour and at night the building was packed to utmost capacity with the largest audience that ever gathered in the commodious structure since the day of dedication many years ago.

In the morning Dr. Violette delivered an unusual sermon on "The Home-coming of the Jews." It was an address filled with word-paintings of the Holy City and vivid and luring descriptions of the religious pilgrimages of God's chosen people in the days when they were moved by the hope of a Messiah. "Fear Ye Not, O Israel," which was beautifully sung by Miss Louise Miller, prepared the hearts of the people for the touching appeal of the sermon which followed immediately. Eight persons responded to the invitation at this meeting.

At night the great audience was led in an enthusiastic song service by Prof. Pollock who rendered a pleasing gospel solo before the sermon. At this meeting Dr. Violette read from memory the 90th Psalm. The subject of his sermon was: "The Man of Tomorrow," which many of his hearers declared was his most powerful and effective effort. It was a superficial appeal to the man who dallies with duty, but a heart-searching dissertation on the fundamental effects of procrastination. Responsibilities, opportunities, moral choices and spiritual obligations were all arrayed in logical order for the consideration of an audience that sat awaking under the spell of his eloquence. The Bible, Shakespeare, science, philosophy, history—truth from all walks of life and action, were crowded into the hour of thought-provoking preaching. Eleven were added to the church at this meeting.

At Lynville Church Sunday afternoon the Lynville Christian church had a homecoming meeting for Dr. Violette, who, accompanied by a number of the Jacksonville people, went to a basket dinner in the basement dining room of the church, given in his honor. After a bountiful spread of the sort for which Lynville has always been justly famous, Dr. Violette preached to an audience that crowded every available inch of space in the auditorium and Sunday school room. The day will be long remembered not only by the multitude of Dr. Violette's friends, but by the preacher himself, who when only a lad, was a member of a Sunday school class, taught by Mrs. Margaret Heaton, in the old Lynville church.

Monday Service
 Last night a fine audience heard Dr. Violette on "The Haunted Man," which was a unique and interesting sermon on conscience. At the close of the sermon six responded to the invitation. Forty-seven have accepted the invitation in the last five days, and Dr. Pontius, the pastor, expects a large gathering before the close of the series of meetings.

Dr. Violette announced Matthew 5 for his Bible reading to-night. His subject will be: "The Life of Trust."

Social Events

Mrs. O. F. Bulte Hostess to Monday Conversation Club.

Mrs. O. F. Bulte was hostess to the Monday Conversation Club at her home, 1054 West Lafayette avenue. There was a large attendance of members and a number of visitors. Among the visitors were Mrs. Frank Drury of Orleans and Mrs. David Reid, who is an old member of the club.

The program of the afternoon was in charge of Mrs. R. Shoemaker, her subject being "Modern American Drama." She was assisted by Mrs. W. A. Fay, Mrs. Gamm Norbury, Mrs. H. L. Caldwell and Mrs. E. W. Bassett. Miss Josephine Preston Peabody.

Following the program a social hour was had and the hostess served delicious refreshments.

Phi Alpha Dance

The second annual Phi Alpha Sophomore Hoof-Shake was given at the social rooms in Beecher Hall Saturday evening. The hall was decorated in the class colors and in strings of leaves hung about the walls. The music for the dance, which continued until 11:30, was furnished by Johnson's orchestra. The chaperons were Prof. and Mrs. Moats, and given each year by the Sophomore members of Phi Alpha Literary Society, and promised to be one of the most attractive social events of the college year.

Men's Bible Class

of Grace Church Meets

The men's Bible class of Grace church, taught by J. J. Reeve, held the regular monthly meeting at the church last night. Dr. E. D. Canatney, president of the class, presided. At 6 o'clock a splendid dinner was served by the women of the church, and afterward came a brief program by young women from Illinois Woman's College. A vocal number was given by Miss Carpenter with Miss Chase as accompanist, and a reading was given by Miss Canada. Brief talks were made by Mr. Reeve, H. A. Perrin and others. Various plans for the coming months were discussed and it was altogether a very profitable and enjoyable evening.

The Hague.—The Dutch government proposes to follow the example of other countries and establish a national censorship of motion pictures. This control has previously been in the hands of the various municipalities. The proposed national system would admit of two classes of films—one which could be shown to all the population and the other only to those above the age of 18.

SCOTT COUNTY LADS CELEBRATE BIRTHDAYS

Master Nicholas Demerath and Harold McLaughlin Observe Birthday Anniversaries Monday—Concert Program at M. E. Church—Other News.

Winchester, Nov. 15.—Master Nicholas Demerath celebrated his seventh birthday anniversary Monday afternoon in a very pleasant way. The event was celebrated in his room at school, and the children spent several hours very happily with various games under the supervision of the teacher, Miss Townsend. There was a large birthday cake with lighted candles, and popcorn balls were also provided for the children.

Mr. and Mrs. Ben McLaughlin entertained a company of young people at their home northwest of the city Monday evening in honor of the birthday of their son, Harold. Quite a number of young people were guests at supper and afterward others came in to spend the evening. Various amusements made the evening pass all too quickly and before the guests departed suitable refreshments were served.

Hainsfurther Bros. issues invitations some time ago for a concert to be given in the Methodist church Monday evening. Edith McDonald, soprano, was assisted by Miss Olive Robinson, pianist and Charles Young, violinist. It was a tone test of the Edison phonograph and as all persons appearing on the program are real artists, a delightful concert was given and was thoroughly enjoyed by the large audience present. Hainsfurther Bros. are to be congratulated on being able to bring this talent to Winchester. There were a number of encores and the musicians responded most graciously. The piano for the concert was furnished by the M. L. McDonough Co.

Miss Helen Miner returned to Jacksonville Monday after a short visit with her father, Dr. James Miner, who is suffering from a severe attack of rheumatism.

Claude Thomas and daughter, Mrs. William Watt, returned Monday from Clinton, Ill., where they went to attend the funeral of Dr. Oscar Edmondson.

Rev. W. R. Johnson of Jacksonville were calling on friends here Monday.

Ira Taylor of Greenfield was a business visitor here Monday. Mr. and Mrs. Wesley Taylor of Virden arrived Sunday for a short visit with friends. Mr. Taylor is also looking after some business interests.

"OH LADY LADY"

Adapted from the play by Guy Bolton and P. G. Wodehouse

SHE FORCED HER WAY INTO HIS ROOM

She had just broken up his wedding by confronting him with a packet of love letter which he had written her long ago, and now she was rushing to his rooms to explain. The "she" of the story is mischievous Bebe Daniels, and the heartbroken bridegroom is Walter Hiers, the funniest fat man on the screen, and the picture is "OH LADY LADY," a comedy that will bring tears of laughter to every eye in this city.

NEWSPAPER TELLS HOW BOY WAS SAVED FROM LUNG TROUBLE

Read what the Altoona Times-Tribune says about the case of Paul McCartney. Reporter interviewed his parents and saw the boy.

The story shown below is a news article, not advertising.

HEALTH COMES TO LAD THROUGH ADVERTISING

Despairing Parents, As the Last Resort, Choose Remedy Heard of Through This Newspaper—Boy Is Now Well and Robust

It would hardly occur to you that a miracle could be worked through advertising—one that saved tooting paralytic the life of their only son? Strange as it may seem, that is just exactly what has been accomplished in a specific instance right here in Altoona. We all have heard volumes about the value of advertising, but that the great results achieved by it, should save life, lift up a human being, however humble, is a fact that is not generally known.

Paul McCartney, son of Mr. and Mrs. Nelson McCartney, residing at 222 Walnut avenue, this city, and who on October 10 last, celebrated the 14th anniversary of his birthday, took sick July, 1918, his illness rapidly assuming such a critical aspect that his life was despaired of. The parents in their frantic efforts to save his life, called in different medical practitioners and he was kept in the city hospital.

DIAGNOSED TUBERCULOSIS
The malady was diagnosed by the physicians as tuberculosis and it was suggested that the parents keep the child out of doors, day and night and feed him entirely on a milk and egg diet. In compliance, the parents had an army cot placed on the back porch, and it properly screened and there, the sufferer reduced to a mere skeleton, day and night, his life ebbing.

This news article from the Altoona Times-Tribune is reproduced by the Emulsion Co., Terre Haute, Ind. Milks Emulsion is offered, on a liberal trial plan, to anyone suffering from lung trouble, constipation, lack of flesh or appetite, stubborn coughs or the enfeebling effects of wasting diseases. Take 6 bottles home and use it as directed. If satisfied with the results, your money will be promptly refunded. Price \$1.50 per bottle. Sold by druggists everywhere.

RED CROSS ROLL CALL
WORK IS PROGRESSING

The work in the Red Cross roll call campaign is progressing satisfactorily in the city according to report made yesterday by Earl Spink, the general chairman. The progress is necessarily somewhat slow because the women solicitors are able to devote but a short time each day to the work. Miss Mary Wadsworth, city chairman, stated yesterday that all reports which have come in so far are of a gratifying kind and indicate that solicitors are meeting with a hearty reception wherever they call.

The work in the county will not be under active way until the early days of this week, according to reports from the various precincts. Mrs. F. J. Heind and Miss Belden were in Literberry Monday primarily for the purpose of looking after the survey work, but they also devoted some time to the roll call campaign. James Peters, chairman of the Literberry branch, is in charge of the roll call there.

The work has not yet begun in the down town district because of a lack of buttons, but these are expected within a day or two and then the solicitation in the business district will be pushed along rapidly.

SPECIAL SALE
The household goods of the late Sarah A. Sharp, 936 North Church street, will be sold at private sale today. Hours of sale 9 to 11:30 A. M. and 1:30 to 4:30 P. M. E. G. and T. J. STOUT, Agents.

MORE BOOKS IN THE HOME
Children's book week as a national campaign was organized in 1919 on the initiative of the American Booksellers' Association and associated publishers, and has the cooperation of the American Library Association, the Boy Scouts of America, and the General Federation of Women's Clubs. The success of the week in 1919 has caused a demand for its repetition, and the week will be an annual affair.

The interests of the child and of the growing boy and girl have never been more keenly in the public's mind than now. There is every indication that there is to be a new emphasis in our communities in the enrichment of the home atmosphere. The time seems peculiarly opportune for widely emphasizing the fact books are a necessary part of the home where there are growing children. That is the reason for Children's Book Week. "More Books in the Home." The Public Library will have a display of books for children beginning Nov. 15, 1920. These books are all suitable for purchase for the very little child who likes the picture book to the older boy or girl who wants adventure stories.

MRS. FORREST IN RECITAL
The song recital given in Music Hall last night had not only the attraction that attaches to a serious effort of this kind, but the added interest of being given by a newcomer.

Mrs. Forrest was greeted by a large and enthusiastic audience that responded to her work at every point with generous and deserved applause.

She proved herself possessed of a brilliant soprano voice, well trained to meet her demands upon it. The shading and the well sustained legato tones, the pianissimo and the clear diction gave delight to her auditors and proved her own artistry.

At the close of the program she responded to an insistent applause by singing "The Cuckoo," by Liza Lehmann.

Miss Belle Mehus, also new to musical circles in Jacksonville, was at the piano, and played beautiful accompaniments.

DRESSMAKER GIVES ADVICE

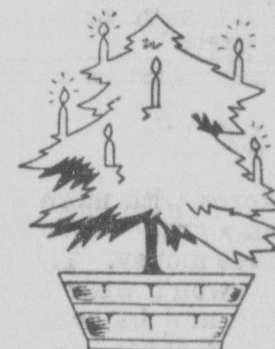

"I underwent a surgical operation for gall stones 5 years ago and was in the hospital 4 weeks. For 1 year I felt better, but then my old symptoms and pains returned and I have suffered ever since. Four weeks ago on the advice of a lady I tried Mayr's Wonderful Remedy, and I now feel like a new woman. I have a number of friends who suffer as I did and I am advising all to try this valuable medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Every Drop of Your Blood
Should Be Absolutely Pure

You can not overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body you can readily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurities is a source of danger as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pain; Eczema,

Tetter, Erysipelas and other disfiguring skin diseases; general debility, which makes the strongest men helpless, and many other diseases are the direct result of impure blood.

You can in a large measure avoid liability to disease by the use of S.S.S., the wonderful blood remedy that has been in constant use for more than fifty years. S.S.S. cleanses the blood thoroughly. It is sold by druggists everywhere.

For valuable literature and medical advice absolutely free, write today to Chief Medical Adviser, G831 Swift Laboratory, Atlanta, Georgia.

SEEK METHODS TO
SETTLE DIFFERENCES

Federation of Labor Discusses
Methods to Adjust Differences
Between Labor and Capital.

(By The Associated Press)
Washington, Nov. 15.—The executive council of the American Federation of Labor continued today its discussion, understood to be largely devoted to seeking methods by which differences between Labor and Capital may be adjusted peacefully. Suggestions that the federation plan to select some widely known man to act as its intermediary with capital in future labor controversies were characterized by officials as "absurd." Those who would discuss the suggestions which named Herbert Hoover food administrator, as the man likely to be selected declared the report baseless. It was recalled however that it was stated as federation headquarters last week that Mr. Hoover was expected to confer with the execu-

ICELAND WILL
UTILIZE WATER POWER

Copenhagen.—Iceland proposes to utilize her numerous waterfalls in carrying out an extensive program of water-power distribution, and Magnus Gudmundsson, the Icelandic Finance Minister, has arrived here to obtain the royal consent to a bill for that purpose.

The country, however, needs capital to carry out this project, he told a representative of the Copenhagen Politiken.

Speaking of the financial position of his country, the minister said that the limitation of imports had produced a beneficial effect. Not only is the importation of luxuries forbidden, but imports of necessities into Iceland are also restricted as far as possible without injuring trade. The fishing year has been good, last year's stocks have been sold, likewise the new catch. Wool, on the other hand, is still on hand, owing to falling textile prices and decreasing demand.

"We have no large debt, no cripples, no war widows to support, while the nerves of our people have not been destroyed and our children not weakened by hunger, so we may face the future hopefully," said Mr. Gudmundsson.

CHAMPAIGN COUNTY HAS
LARGE OILED ROAD

Springfield, Ill., (A. P.)—Champaign county now has 615 miles of oiled roads, according to the weekly weather bureau bulletin, issued here by Meteorologist Clarence J. Root.

ORDER DINING CAR
RATES BE REDUCED

Carson City, Nev., Nov. 15.—Thirty-five cents is too much for a baked apple so said the Nevada Public Service Commission in an order to the Southern Pacific Railroad today directing that rates in its dining cars be reduced immediately. The commission cited as other instances of excessive prices charged twenty cents for a glass of milk or a cup of coffee and thirty cents for serving of prunes.

PRICE OF BREAD
DROPS ONE CENT

Minneapolis, Nov. 15.—Wholesale and retail prices of bread dropped one cent on pound loaves and two cents on 1-1/2 pound loaves here today.

DUTCH MINISTER TO
UNITED STATES RESIGNS

The Hague, Nov. 15.—J. T. Cremer, Dutch minister to the United States has tendered his resignation to Queen Wilhelmina. Ill-health is given as the reason for the resignation.

CHILE DESIRES
FRIENDLY SOLUTION

Wants Tranquility and Peace in South American Continent—Has Tried on Several Occasions to Reach Agreement.

Santiago, Chile.—Chile desires peace and tranquility on the South American continent and has earnestly tried to obtain a friendly solution of her questions with Peru and Bolivia, Senator Eliodoro Yanez, one of the nation's leading statesmen, told The Associated Press correspondent today.

The dispute between Chile and Peru over Tacna and Arica and Bolivia's aspirations for an outlet to the sea has been widely debated by the public and in the press here since the military revolt at La Paz, Bolivia, in July when a political party, said to be hostile to Chile, assumed power. Speaking of the controversy with Peru Senator Yanez said: "To push her policy of hostility and repel a flinternational good faith, Peru has entered into a great program of armaments and believes she can count on the support of the United States and the league of nations."

"Chile has on several occasions tried to reach an agreement for holding the plebiscite and with the exception of the agreement of 1912, Peru has always resisted an understanding proposing clauses or expressing exigencies unacceptable or depressive to Chile."

Referring to the Bolivian question, Senator Yanez said: "The relations between Chile and Bolivia are regulated by the treaty of 1904 under which the latter ceded definitely to Chile the province of Antofagasta, lost by Bolivia in the Pacific war. Until recently, cordial relations had been maintained between the two countries. In July, a military revolution broke out in La Paz; President Gutierrez Guerra was deposed and banished and a Junta de Gobierno was organized."

The now order raised as a slogan the non-recognition of the treaty of 1904 and the reclamation of the territories which by this pact were recognized as Chile's. They were annexed 40 years ago and a great Chilean population is in them.

"Chile has manifested more than once her purpose of adopting an economic policy in agreement with Bolivia to meet that country's desire for a port. Peru's resistance to the plebiscite an other support of Bolivian aspirations have hindered or regarded this agreement and the Bolivian revolt has made it impossible for the moment."

The provinces of Tacna and Arica are governed by Chile as

of the Foreign Department with no representation in parliament.

AMERICAN PHONES
SUPERIOR TO ENGLISH

London.—Sir William Noble, engineer-in-chief to the British Post Office, which also controls the telephones of the country, says the American telephone system is superior to that of Great Britain.

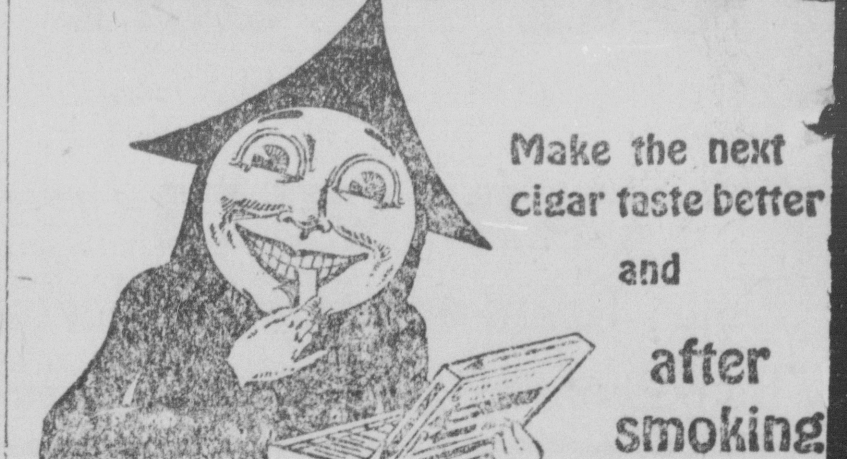

Sir William, who has just returned from a visit to the United States, told the Society of Arts the general introduction of automatic telephones was probably the main feature in the American scheme of progress. Discussing this matter with telephone experts in the cities he visited, he found practically a unanimous opinion that full automatic working was

the only certain method of ensuring the quality of service demanded by the public.

The popularity of the telephone in America was, he considered,

due first of all to the flat rate secondly to monthly accounts, and thirdly to party line services and the policy of fostering residential lines.

TWO MEREDOSIA RESIDENTS DIE

Mrs. Elijah Eckleberger Passes Away at Home of Daughter—H. H. Kunzman Dies at Home East of Town.

Meredosia, Nov. 15.—Mrs. Elijah VanHynning Eckleberger passed away at the home of her daughter, Mrs. George Shinnegar, in this city, at eleven o'clock Saturday night, following a short illness, aged 62 years. There are left to mourn her loss the husband, Samuel Eckleberger and six

children; also two brothers and one sister. The funeral services will be held at the home of George Shinnegar on Tuesday afternoon at two o'clock.

Kunzman J. H. Kunzman passed away Monday morning at six o'clock at his home about five miles east of this city, aged 67 years. He leaves a wife and nine children; also three sisters. The deceased has been a prominent farmer in this vicinity for many years. During the last few years he had been in poor health but the immediate cause of death was paralysis.

Funeral services will be held Wednesday afternoon from the Lutheran church in Meredosia.

HEALS SORE THROAT PROMPTLY

As a rule the results obtained from the use of different sore throat remedies—gargles—are very unsatisfactory—especially with children. This is due in no small measure to your dread of their swallowing a portion or all of the gargle. All this trouble and worry is obviated with the use of

NYAL'S SORE THROAT REMEDY

Healing and soothing to irritated and inflamed membranes—antiseptic and prophylactic yet harmless if swallowed.

It is absolutely dependable in all cases of sore throat, relief following the first treatment.

WATER SUPPLY FUND PLAN EXPLAINED

Bloomington Paper Tells How Local People Financed Water Plant Project.

In a second article in the Bloomington Pantagraph with reference to the Jacksonville water supply, a staff correspondent of that paper discusses the financial plan which made the improvement possible. The following paragraphs are taken from this article:

The citizens were faced by the necessity of solving their water supply problem. They had tried numerous plans, but all had failed. It was necessary to get expert help. Sixty public spirited citizens agreed to subscribe \$100 each for the preliminary survey. They went to one of the banks and signed a note for that amount, the city being without funds just at that time. The experts were hired and a solution of the problem pointed out. The city by that time had the cash to pay the expense and did so, the signers of the note having not been called upon to meet the obligation.

Serve Without Pay

With the solution in sight, it was seen that some first-class business men must be put in control of the municipal machinery, to carry it through. The citizens got together and practically drafted some of the leading business men of the city for various offices. These men accepted the demand that they run for office, and announced they would serve the city without pay. E. E. Crabtree, a banker, made the race for mayor, on the no pay platform, and was elected. Six of the eight aldermen are also serving without pay. The city attorney is a lawyer who could not be hired to do the city's legal work for a big salary, as a business proposition, but as a matter of civic pride, he is doing it for nothing. T. A. Chapin, one of the aldermen, is an engineer of ability, and is chairman of the water committee of the council, which has charge of the development of the new water system. The time of these business men, in their private affairs, is very valuable, yet on a visit, the Pantagraph man was taken by the mayor and Mr. Chapin in the latter's automobile, all over the new water supply system, taking an entire forenoon. They are very proud of their city, and will devote any time necessary to it.

Co-Operation Is Infectious

The example set by the business men, giving their time for the good of the community is rapidly spreading to all the citizens. As stated previously, when the solution of the water problem was pointed out, the city had no money, no bonding power, and was in debt. It was necessary to buy about 400 acres of land in the Mauvaisterre basin, so the citizens went out and bought the land. Then they placed a mortgage on it, deeded it in trust for the use of the city, later giving the mortgage bonds for the amount. These bonds are to be paid within twenty years, and the city sets aside a sufficient sum each month to take up one-fourth of the bonds every six months. The bonds bear six per cent interest. Each six months the interest on all of them is paid, and the bonds are then placed in a receptacle, and one-fourth of them drawn out to be paid for. This plan is very satisfactory; in fact, there is a demand among citizens for these bonds.

Citizens Decide Matters

The fact is, the citizens of Jacksonville really decide upon the methods of handling the public questions that come up, and they are encouraged to do it by the men in charge of the legal reins of the municipality. The fact is, the citizens of Jacksonville really decide upon the methods of handling the public questions that come up, and they are encouraged to do it by the men in charge of the legal reins of the municipality. The fact is, the citizens of Jacksonville really decide upon the methods of handling the public questions that come up, and they are encouraged to do it by the men in charge of the legal reins of the municipality.

STOP-ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, acne, and similar skin troubles will disappear. The penetrating Zemo is all that is needed, for it reaches most skin eruptions, makes the skin soft, smooth and healthy. The E. W. Hall Co., Cleveland, O.

BY ORDER OF THE BOARD OF DIRECTORS

Chicago, Burlington & Quincy RAILROAD COMPANY

Chicago, Ill., Nov. 8, 1920.

TO STOCKHOLDERS:

NOTICE is hereby given that a special meeting of the stockholders of the Chicago, Burlington & Quincy Railroad Company will be held at the office of the Company, 147 West Jackson Boulevard, Chicago, Illinois, at 11 o'clock A. M. on January 20th, 1921, to consider and act upon the following questions:

(1) Executing and delivering to the First National Bank of the City of New York and Walter S. McLucas as Trustee, a first and refunding mortgage, conveying to said Trustee the railroads and the equipment thereon, franchises and other properties appurtenant thereto and connected therewith, and other properties of the Company, and assigning to and pledging with said Trustee certain stocks and other properties, said mortgage to be in the form substantially as approved at a meeting of the Board of Directors of the Company on the 20th day of October, 1920, and to secure the bonds of the Company to be issued from time to time hereunder and for the purposes therein stated and in accordance therewith, but limited so that the amount thereof at any one time outstanding, together with any prior debt of the Company after deducting therefrom the amount of all bonds reserved to retire prior debt at or before maturity, shall not exceed three times the par value of the then outstanding capital stock of the Company; said mortgage and the bonds to be issued thereunder and secured thereby to be dated February 1, 1921; said bonds to be payable on the 1st day of February, 1921, and to bear such rate of interest and to be redeemable or not redeemable accordingly as may be determined by the Board of Directors at the time of the issuance of the various series thereunder as in said mortgage provided.

(2) Increasing the capital stock of the Company from 1,108,391 shares of the par value of \$100.00 each to 1,708,391 shares of a par value of \$100.00 each; such additional shares to be issued and distributed as a dividend to stockholders in proportion to their ownership of stock upon a date to be hereafter fixed by the Board of Directors.

(3) Approving the resolutions of the Board of Directors adopted at said meeting on the 20th day of October, 1920, authorizing subject to the approval of the stockholders, the proposed increase in the capital stock of the Company and the creation of the aforesaid bonded indebtedness to be secured by said proposed first and refunding mortgage.

The transfer books will be closed at three o'clock P. M. on Monday, December 20, 1920, and will be reopened at ten o'clock A. M. on Friday, January 21, 1921.

JURY DISAGREES IN VANTUYL WILL CASE

Had Considered Testimony and Instructions for Nearly Two Days — Anderson vs. Henry Suit On Trial.

Judge E. S. Smith reconvened the court yesterday Monday afternoon at 1:30 o'clock. The report came to the court that the jury which heard the evidence in the Van Tuyl will case had been unable to agree, although they had been considering the case since about 4 o'clock Saturday afternoon. The court gave the jurors a little further time and as agreement still seemed to be a hopeless matter, the men were discharged.

The assumption suit of John Anderson vs. L. C. and R. E. Henry is now on trial in the court. The jurors are, Alex Wyatt, F. E. McCurley, W. Hettick, John Funk, J. E. Rawlings, J. T. Grady, Thomas Story, Charles DeSilva, A. J. Ruble, J. H. Campbell, Ernest May and Harry Norris.

The proceedings are the result of some differences concerning a lease on a room in the opera house building which Mr. Anderson formerly owned. Mr. Anderson is represented by Bellatti, Bellatti & Moriarty and Wilson & Butler are attorneys for the defendants.

The following docket entries were made:

L. C. Henry et al. vs. John Anderson, trespass; motion for leave to file replications to the second pleas was allowed.

In the trespass suit of Vernon Baker vs. H. C. Moorman and Edward Dreth, a notation was made that Wilson & Butler had withdrawn as attorneys for the defendants. The defendant, H. C. Moorman, was called and an order of default taken.

In the assumption suit of Edward P. Quinn vs. Modern Woodmen of America, demurrer was entered to all pleas.

Chancery

In the estate of John Walsh on petition for appointment of trustee, the report of W. C. Brune as trustee was filed and order of default was taken against all defendants not answering.

In the partition proceedings of Moses C. Flinn vs. James T. Flinn et al. Hugh P. Green was named as guardian ad litem for all defendants under legal disability. Defendants not answering were called and order of default taken and the cause was referred to the master.

In the divorce suit of Carrie Wilkinson vs. Ellis H. Wilkinson, default of the defendant was noted and evidence was taken.

WOMEN PREACHERS AND THE METHODIST CHURCH

The Methodist general conference held at Des Moines some time since made provision for the blessing of women as local preachers. This action is referred to in a recent issue of the Central Christian Advocate as one of the most important legislative acts of that great body. Provision was not made for membership in the annual conference but a commission was appointed to consider the whole question of woman's relation to the Christian ministry and to report at the next general conference. The matter was brought before the Des Moines gathering by the Woman Preachers association, which was organized Nov. 22, 1919, in St. Louis, being the first organization of the kind in the United States. Twenty-three women united in that movement as charter members. Among them was Rev. Mary E. Kuhl of Champaign, who is president of the association.

It is interesting to note that Mrs. Kuhl, who, before her marriage was Mary E. Shepard, is a graduate of Illinois Woman's college and finished her collegiate work here in the class of 1867.

McLucas as Trustee, a first and refunding mortgage, conveying to said Trustee the railroads and the equipment thereon, franchises and other properties appurtenant thereto and connected therewith, and other properties of the Company, and assigning to and pledging with said Trustee certain stocks and other properties, said mortgage to be in the form substantially as approved at a meeting of the Board of Directors of the Company on the 20th day of October, 1920, and to secure the bonds of the Company to be issued from time to time hereunder and for the purposes therein stated and in accordance therewith, but limited so that the amount thereof at any one time outstanding, together with any prior debt of the Company after deducting therefrom the amount of all bonds reserved to retire prior debt at or before maturity, shall not exceed three times the par value of the then outstanding capital stock of the Company; said mortgage and the bonds to be issued thereunder and secured thereby to be dated February 1, 1921; said bonds to be payable on the 1st day of February, 1921, and to bear such rate of interest and to be redeemable or not redeemable accordingly as may be determined by the Board of Directors at the time of the issuance of the various series thereunder as in said mortgage provided.

DINNER GIVEN SUNDAY AT GRIMMETT HOME

Pleasant Gathering at Home of Mr. and Mrs. Otto Grimmert East of Woodson—Other News Notes from Davis Switch Neighborhood.

Mr. and Mrs. Otto Grimmert of east of Woodson entertained a number of friends at dinner Sunday. The company sat down at noon to a most elaborate repast and the afternoon hours were spent in a very pleasant social way. Those in the company were Mr. and Mrs. Samuel Butler, Mr. and Mrs. J. S. Butler, Mr. and Mrs. Thomas Butler, Mr. and Mrs. Porter Bell, together with their families. In the evening Mr. and Mrs. Hall and children were guests at the Grimmert home.

Mr. and Mrs. J. H. Devore and son Russell were among the Saturday shoppers in Jacksonville. Edwin Butler, who was taken to Passavant hospital two weeks ago to undergo an operation, is recovering in a satisfactory way.

William Paul has been quite ill but is now able to be about the house.

Samuel Kierl of east of the city was a guest at the home of his daughter, Mrs. Homer Winter, Sunday.

Percy Devore has been indisposed for the past few days but is somewhat improved.

Miss Mary Moroney of Pana, Ill., is a guest at the home of her sister, Mrs. J. H. Cain, and family south of the city.

Acid-Stroke

EATONIC is the best remedy for the harmful acid stroke, a right of the body and of course, you are well. Tens of thousands wonderfully benefited. Guaranteed to satisfy or money refunded by your own druggist. Cost a trifle. Please try it!

Famous Old Recipe for Cough Syrup

Quickly and cheaply made at home. But it beats them all for quick results.

Thousands of housewives find that they can save two-thirds the money usually spent for cough syrups, by using this famous old recipe for making cough syrup. It is simple and cheap but as no equal for prompt results. Makes right hold of a cough and gives immediate relief, usually stopping a dry cough in 24 hours or less.

Get 2½ ounces of Pinex from a druggist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes. Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't get anything else. Guaranteed to give absolute satisfaction or money refunded promptly. The Pinex Co.

MINISTERIAL UNION HELD MEETING

At the meeting of the Ministerial association Monday morning, J. F. Langston, speaking in behalf of Miss Miriam Russell, who is secretary of the Anti-Tuberculosis association, made a request that pulpits of the city be opened Sunday, Nov. 28, to ministers for special announcements concerning the open air school. The ministers gladly agreed to this plan and speakers will be present on the churches for five minute addresses on the day mentioned.

Rev. A. A. Todd presided as chairman yesterday and Rev. W. H. Marbach as secretary.

A COMMUNITY GATHERING

Pisgah Presbyterian church held a community social recently at the home of Mr. and Mrs. Clark Stevenson near Orleans. There were about 100 present and all in the company were interested in the informal address made by Dr. Thomas Smith, based on his wartime experiences in France. Misses Katherine Barr and Clara C. Moore gave a brief musical program. Supper was served and the occasion was a happy one in every detail. Dr. Smith is serving as pastor of Pisgah church and preaches there each Sunday afternoon.

HAS RETURNED FROM ELGIN

Mrs. S. W. Nichols has ended an extended visit with her daughter, Mrs. W. H. P. Huber of Elgin and has returned home. She left both the babies afflicted with whooping cough which they had during a good part of her visit, but they were getting along as well as could be expected.

MRS. M'LEOD'S WILL PLACED ON RECORD

Farm Land Near Waverly Is Bequeathed to Mrs. Ida Wells—Other Bequests.

The will of the late Mrs. Alice McLeod of Waverly was filed for probate Monday in the office of County Clerk Riggs. The will was made Aug. 20, 1917, and named George T. Mercham as executor. The witnesses to the signature were Henry E. Bulough and Charles E. Gard. A codicil was made July 14, 1920, and the death of Dr. Mercham was noted in the codicil Mrs. Ida Wells, sister of the testatrix was named executrix.

The original will provided that the husband of the testatrix, Alex McLeod, should have the use of the farm in Tarkington township, Sangamon county, during his lifetime, and that it should then become the property of Dr. George T. Mercham. A bequest was also made of the property at 435 Vine street, Springfield, to R. R. McLeod, a stepson. The sum of \$3,000 was bequeathed to Mrs. Ida Wells and \$2,000 each to Edith and Nava Turner, who are nieces of the deceased. The sum of \$200 is bequeathed to the National Benevolent Association for the use of the Old People's home in this city, and a like sum to the West Side Christian church in Springfield, for the use of the Christian Woman's Board of Missions.

In the codicil to the will, as both the husband of the testatrix and Dr. Mercham are dead, the farm mentioned is to become the property of Mrs. Ida Wells. Provision is made, however, that Mrs. Wells is to pay the special bequests mentioned in the original will.

The paragraph providing for bequests of Springfield property to R. R. McLeod was revoked with the statement that since the making of the will the property had been sold and the money applied to the discharge of indebtedness.

The signature of the testatrix in the codicil had an unusual number of witnesses, six being included: Adele Pyle, Caroline Lombard, Lina Gibson, Mary Moffett, N. J. Hughes and A. C. Moffet.

COAL SHORTAGE STILL A WORRY TO DEALERS

Nothing in Storage Bins and Shipments Come Very Slowly—However General Conditions Better Than Normal.

Altho reports from Washington show an unusual production of soft coal and falling prices, these conditions do not obtain in Jacksonville. The fact is for the past two weeks all dealers have been operating on a hand to mouth basis. None of the dealers here have any coal in storage and shipments are unloaded within a very few hours after their receipt. This is the condition altho dealers are very active in their efforts to secure shipments from the mines. Evidently the condition is not entirely local, for all the mines from which Jacksonville dealers receive shipments are literally buried with orders and the daily supply is not equal to the demand.

Mine operators declare that the reason for the condition is their inability to secure enough cars to keep up with the demand. At any rate, it is true that most of the mines in the Springfield district and in the southern Illinois districts from which coal comes into this city are operating only about half time. While most of the mines receive cars every day, the supply is not large enough to keep the mines in anything like continuous operation. This means that the mine operator feels that he is doing well if he secures enough cars for a four or five hour day run.

With such a supply the possible production is cut about 50 per cent.

Another difficulty is in transportation. The railroads are not yet operating with anything like normal efficiency. When a car of coal is loaded for Jacksonville it takes anywhere from three to ten days to get it moved into the city. While the shipments are so short, it is also a fact that the general supply of coal here is larger than usual. This is the condition because more consumers than ever before this year bought early. As a result, for months past, dealers have been securing all the coal they could and putting it in the bins of business houses or residences of their customers.

MATRIMONIAL

Sutcliff-Stice.

Donald Sutcliff of North Church street and Miss Elsie Stice of near this city were united in marriage Saturday noon at Grace Lutheran church in Springfield, Rev. William H. Nichols, the minister, officiating. They came to Jacksonville immediately following the ceremony.

The bride is a daughter of Mr. and Mrs. George L. Stice, and is very well known in Jacksonville. She attended the high school here.

Mr. Sutcliff formerly resided in Chicago. He is a graduate of the Jacksonville high school. At present he is employed as foreman in the cutting department at Capps factory.

The young people have many friends who will wish them a long and happy wedded life.

Johnson-Stratton.

F. O. Johnson of Kansas City, Mo., and Miss Ella Esther Stratton of this city were united in marriage at 10 o'clock Monday morning by Rev. George W. Randle, minister of Brooklyn Methodist church, at his residence on Bissell street. Attending the couple were Miss Sudey Parrish and Howard Woodman, intimate friends of the contracting parties.

The bride has been a resident of Jacksonville five years and has a large number of friends. She is a graduate nurse of Passavant hospital.

The groom is a son of Mr. and Mrs. F. O. Johnson of St. Peter, Minn. He is employed in the offices of the Interstate Commerce Commission at Kansas City.

Mr. and Mrs. Johnson will go to that city immediately to reside.

Funerals

Dwyer.

Funeral services for Mrs. Della Dwyer were conducted at 1:30 o'clock Sunday afternoon at the undertaking parlors of A. G. Cody on West State street. A large number of relatives and friends filled the parlors and heard the funeral discourse by Rev. J. G. Kuppel, minister of Salem Lutheran church.

The many flowers were cared for by four nurses from Passavant hospital where the decedent attended the training school. They were Misses Martha McCarver, Mildred Howard, Florence Buchanan and Nancy Jackson.

Burial was in East cemetery, the bearers being Andrew Vieira, Fletcher Lawrence, Ross, Earl and Louis Seymour.

ALEXANDER

Miss Anna Hullmann of Springfield visited friends in Alexander Sunday.

Misses Katherine Kaiser and Anna Colwell spent Sunday with friends in Jacksonville.

Miss Margaret Jane Harrison of Jacksonville was a week-end guest of friends in Alexander.

Mrs. Irvin Robbins was a Monday visitor in Jacksonville.

Mr. and Mrs. J. W. Robertson went to Bath Saturday and returned Monday. While there Mr. Robertson spent some time fishing and reported excellent luck.

PROBATE COURT.

In the estate of Isaac Hicks, final report was approved and the administratrix, Miss Fannie Hicks, discharged.

In the estate of Thomas Doyle, on petition of Mrs. Edna Doyle, letters of administration were issued to Henry Slack, his bond being fixed in the sum of \$400.

Births

Born to Mr. and Mrs. J. M. Daniels of Litterberry, Sunday, a daughter.

MISS LONERGAN TO WED MR. HUBER TODAY

Marriage Ceremony for Prominent Young People Will Be Solemnized at Church of Our Savior.

The marriage of Miss Clara Lonergan of this city to Mr. Otto Huber of Newton will be solemnized this morning at the Church of Our Savior. Rev. Father Formax will celebrate high mass. Miss Margaret Ring, church organist, will play the wedding music. The attendants will be Miss Genevieve Sehy and Charles Lonergan, brother of the bride.

Miss Lonergan will wear a blue duvety suit and her bouquet will be of white roses. The bridesmaid will wear a tricotone blue suit and will carry Ward roses. The ushers will be Martin Lonergan and John O'Brien. The young people are so favorably known that a large company of relatives and friends will assemble for the important ceremonial.

Miss Lonergan is a daughter of Mr. and Mrs. Edward Lonergan of 410 Superior avenue, long time residents of the city. After graduating from Routt college she took a course at Brown's Business college and for three years past has held a position as chief stenographer at Jacksonville State hospital. She is a young woman of admirable character, attractive personality and has filled her important position at the State hospital with special ability.

Mr. Huber has been in Jacksonville a number of times and so while a non-resident, has many local friends. He attended a department of Chicago university, later taking a course at the Kansas City business college. He is now in charge of federal income tax work in the Danville district. Altogether he is a young man of fine ability and has made good in his present important post.

A handsome wedding breakfast will follow the ceremony at the Lonergan home. Later the young people will leave for Chicago on their wedding trip. Following their return they will be at home in Danville, and certainly will begin their married life under very happy auspices.

CITY COUNCIL IN BRIEF SESSION

A regular meeting of the city council was held Monday night with Mayor Crabtree and all aldermen present except Alderman Ehnle. Very little business demanded attention and the time for the most part was spent in informal discussion of some city business affairs. Alderman Cain read a communication from a Kansas City concern with reference to automobile license plates. The matter was referred to the alderman, who was authorized to secure the necessary plates for next year.

It is the intention to issue to each automobile owner at the time the license is paid a small metal plate which is to be attached to the car. By this means the police department will have no trouble in determining the car owners they should see about a tax payment. Alderman Cain and the men in his department hope to have a 100 per cent response.

Claims against the city were ordered paid when funds are available.

Narrow Knit Four in Hands, the young man's neckwear. FRANK BYRNS Hat Store.

MANY ENJOYED ART EXHIBIT SUNDAY

More than 200 Jacksonville people who appreciate art were visitors at the David Strawn art home Sunday afternoon. The rooms were kept open Sunday as a favor to many who were unable to visit the exhibition at any other time, and the large attendance gave proof of the wisdom of the plan. The paintings have attracted a vast amount of interest and many people have several times returned to view the pictures, finding them of increasing beauty with each visit.

Those who were responsible for bringing the pictures here have certainly done a great favor to the people of Jacksonville and vicinity by giving them the opportunity to see this rare collection without cost.

Gets 28 Eggs A Day Now, From 34 Hens

C. C. White, Well-Known Breeder,
Tells How. Costs Nothing to Try.

"I have been able to get 28 eggs a day from 34 hens. Don Sung is a wonder and I am now giving it to all my hens regularly."—C. C. White, well-known breeder, Cherry Hill Farm, Jacksonville, Ind.

Mr. White is the way to a better breeder and a better hen. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same order we made him. Here it is:

Give your hens a Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.00 (includes war tax) for a package by mail. Burrell Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

DON SUNG
Chinese for Egg-Laying

HAS LONG RECORD IN METHODISM

The Central Christian Advocate, published in Kansas City, Mo., in the November issue has a picture of Rev. J. P. Hillerby of this city, with appropriate comment on the fact that at the age of 89 years he was re-admitted to membership in the Illinois M. E. conference.

Thos so advanced in years, Mr. Hillerby is still strong both physically and mentally. He makes his home here with his daughter, Mrs. Charles Hopper. Speaking of Mr. Hillerby the Advocate says:

"The other of the persons relates to that familiar name, contributor to many religious periodicals, J. P. Hillerby, who last July entered upon his eighty-ninth year and was admitted in September at that age into the Illinois Annual conference. We say admitted; it is more correct to say re-admitted inasmuch as Brother Hillerby was first admitted into this great conference in 1856, in the days of Simpson, but who by reason of his wife's health located after twenty years of service. He has remained in that relation for these sixty odd years. Brother Hillerby may

well be gladdened at this recognition of his pure character and his useful life work in the local relation. He was the friend of McElroy, Short, McElfresh, Reed, Buck, Stephens, Wilder, who today look down from the windows of the Father's house and see him and the old conference and we believe are glad that their friend is once more back home, his name on the honored roll.

In a letter written so long ago Brother Hillerby told how he had been a subscriber of the Central from its very first issue and that he knew, personally, Brooks, Elliott, Cray, Fry, Young, all the editors since the paper became an official and we presume he knew Trotter if not Conklin, inasmuch as Dr. Trotter, son-in-law of Peter Cartwright, was a member of the Illinois conference. Like Dr. De Motte, Brother Hillerby is a minister of the unsearchable riches of love in Christ. And both men, both saintly characters, are honored of their brethren in their twilight years."

SORE THROATS, COLDS

Quickly Checked by Hamlin's Wizard Oil

Sore throat and chest colds should never be neglected. Few people realize how often they result seriously if not promptly checked. Hamlin's Wizard Oil is a safe, simple and effective treatment. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep-seated cold in one night. Keep a bottle on the shelf.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief. Generous size bottle 25c.

If you are troubled with constipation or sick headache try Hamlin's Wizard Liver Whips. Just pleasant little pink pills at druggists for 30c. Guaranteed. Adv.

SOME UNITED STATES WAR TAX FACTS

Deputy Collector Tompkins Calls Attention to Necessity for Observance of All Regulations.

No matter what may be one's personal opinion of the law and regulations, the government demands a full compliance with them at all times. From time to time the internal revenue department finds it necessary to give to the general public information concerning the law and regulations, governing the collection and payment of the various kinds of war taxes.

Deputy Collector S. J. Thomas has recently made investigations pertaining to the tax on admissions and to the tax on ice cream and soft drinks. In most cases an honest effort is made by the one, whose duty it is to collect the tax, to do the job properly. However, in order to avoid the possibility of severe penalties being imposed for carelessness or neglect to comply with the law, some suggestions are offered.

In the case of tax on admissions, several irregularities have been discovered. Wherever admissions are charged, the tax must be collected unless exemption, as provided for in the regulations, is properly secured by notice to the collector.

Where a regular charge for admission is made and the tax collected thereon, any person admitted free must pay the same tax as the person who pays admission. This applies to cases, where admission is charged to a man alone, or to a couple, while ladies are admitted free. Each individual person should pay the same tax. The rate is 1 cent for each 10 cents or fraction thereof of the regular amount charged for admission.

Further information, as to the law regarding tickets and records, may be obtained by applying to the revenue office, room 209, Scott block.

Regarding the collection of tax on ice cream and soft drinks, it has been found that on account of improper systems of recording the tax, the government has not been receiving the full amount due. In all probability from this time on, more frequent investigations of dealers' records will be made and a more careful accounting will be required by the government.

ATTENDING D. A. R. MEETING
Miss Effie Epler left for Peoria Monday morning to attend a meeting of the state officers of the Daughters of the American Revolution at the home of the state regent and a meeting of the Peoria Chapter of the D. A. R. Miss Epler is the state librarian.

Mr. and Mrs. Joy Turner of Springfield were among the callers in the city yesterday.

PERCY GUM ELECTED STATE'S ATTORNEY

Last week, just after the election, some of the more radical Republicans wanted to bet that Elias Watkins was the only Democrat in the United States who was elected, but, since that time word has been received of the election of one more. Percy Gum, a grandson of Mr. Reep, who now lives in Oklahoma, was elected States Attorney of Muskogee county, on the Democratic ticket, with a majority of about 2600 votes. Mr. Gum has a great many friends here, who extend their congratulations.

Mr. Gum is a first cousin of Mrs. F. G. Sims of this city and Mr. Watkins an old school-mate. —Petersburg Observer.

DEATH SUMMONS AGED RESIDENT OF THIS COUNTY

William Gray of Yeoman Neighborhood Dies at Age of 91 Years—Born in Ireland.

William Gray, a retired farmer and stock raiser of Morgan county, residing three miles northeast of Franklin in the Yeoman neighborhood, died at 3:30 o'clock Monday morning, November 15th, at the age of 91 years.

Mr. Gray was born in Cavan county, Ireland May 30, 1829, the eighth child of Robert and Jane Gray, on the little farm situated in one of the best counties in Ireland. Mr. Gray grew to manhood; possessing that sturdy vigor peculiar to the Irish people, and to better his condition in life in the spring of 1849 he sailed for America.

Arriving in New York he made his way into the state of Ohio, remaining two years. He then plunged farther westward, and settled in Morgan county, Illinois, where he first worked by the month, and also became employed as a school teacher. In 1854 he was united in marriage to Mrs. R. M. E. Stewart of this county. She formerly was a resident of Tennessee. Shortly after the marriage Mr. Gray bought land in Sangamon county comprising 70 acres, where he lived seven years, and then moved back to Morgan county on the property he now owns.

Wishing to give his son the advantage of a college education he moved to Lincoln, Logan county, Illinois, where he resided seven years. In the autumn of 1875 he returned again to Morgan county and settled on the farm property heretofore mentioned, and has become a most extensive land owner.

Three children blessed this union. Albert H. and Nora preceded their father in death. The wife and one son John E. survive him. John E. lives on the home place, having the confidence of the community. He has had several offices, township treasurer, etc.

The decedent was a member of the Cumberland Presbyterian church.

Funeral services will be held at 1:30 o'clock Wednesday afternoon at the Franklin Methodist church. Interment will be in the Franklin cemetery.

Friends are requested to omit flowers.

THE MISSES HAYDEN
421 West College Ave.

FRANK CARSON AND MISS KEATING WED

The marriage of Miss Agnes Keating and Frank Carson, both of this city, was solemnized at 8 o'clock Monday morning at the Church of Our Savior, Rev. Fr. Formaz officiating. Only the immediate friends and relatives of the bride and groom were present at the ceremony and at the wedding breakfast which followed.

The bride was attended by Miss Elizabeth Sloan and Charles Carson, a brother of the groom. The bride was attired in a dress of brown embroidered broadcloth and a hat to match and carried a bouquet of pink roses. The bridesmaid was dressed in brown velvet with hat to match, and also carried pink roses. A wedding breakfast was served at ten o'clock at the home of the bride's parents, Mr. and Mrs. Timothy Keating, 776 South West street. There were about forty-five in attendance, and the bridal couple received a number of handsome pieces of cut glass as presents.

Both young people are well known in Jacksonville, and are popular among a wide circle of friends. The groom is the son of Mr. and Mrs. William Carson of Lorton street. He is a graduate of the Jacksonville high school with the class of 1920, and is now manager of the Economy store on West College street.

The bride is the daughter of Mr. and Mrs. Timothy Keating of South West street. She is a graduate of Roult college, and is well known among the alumni of that institution.

Immediately following the wedding breakfast, Mr. and Mrs. Carson left for a short wedding trip. They will reside on their return to this city, at 776 South West street.

WANTED
A steady night fireman at once. Address S. H. J., care Journal office.

FIVE TESTIFY MONDAY AT CORONER'S INQUEST

The inquest into the death of Mrs. John Dwyer, who was killed when the auto in which she was riding was struck by a C. B. & Q. train Friday afternoon, was held at the Coroner's undertaking parlors at one o'clock this afternoon.

After hearing the testimony of several witnesses the jury came to the following verdict:

"Mrs. John Dwyer came to her death as a result of being struck by C. B. & Q. train No. 48, southbound, on Friday, Nov. 12, at 3:30 p. m., while crossing the railroad track in an automobile at Wood's crossing two miles southeast of Jacksonville."

The facts brought out at the inquest coincide with those reported at the time of the accident. The testimony of the witnesses added nothing that has not already been made public.

The following witnesses testified: William Bull of Franklin, a passenger on the train; Alexander J. Paschal of Beardstown, conductor; Carl E. Black, surgeon; Thomas J. Foley of Centralia, engineer, and A. T. Bounds of Centralia, fireman.

Lawrence Wright of Franklin was among the city callers yesterday.

SOCIAL SERVICE LEAGUE NOTES

We have spent considerable time the past week surveying and being surveyed. We are told that all of the survey findings are to be tabulated and eventually returned to the Red Cross rooms for future reference. When this is done they will be of great value to all social workers of the county.

Mrs. Grace Badger of the Division of Visitation of Children has been in and out of our office a number of times lately in quest of children who are not living in their own homes. This phase of the welfare work of the state deserves to be better known. It provides that every child that has for any reason been placed in a home other than that of its own parents shall be visited at regular intervals and a report made to Charles Virden, the head of the department at Springfield. The object is to safeguard orphans and dependent children from abuse or neglect.

A young colored man of good appearance came to the office one day last week and gave his name as Victor Welcome and asked for transportation to Peoria. He said he was looking for work in a hotel or hospital and had not been able to find it. Something familiar in the sound of the name made Miss Jennings ask: "Haven't you been in Springfield?" He admitted that he had and Miss Jennings said: "I was in the rooms of the Associated Charities there about two weeks ago when you came there asking for transportation." He seemed a trifle taken back and asked: "Do they send you girls around from one town to another?" "Sometimes," Miss Jennings replied. "That's the way you fellows get caught." Mr. Welcome took his hat and left.

The Case committee has reorganized with the promise of representation from practically every agency doing social work in the city. At the first meeting of the year eight of these co-operating agencies were represented and some valuable information exchanged.

The clever fingered Dorcas who met at the rooms Friday afternoon pilped a total of about fifty repaired and remodelled garments.

CONTINUE PLANS FOR THE AIR LINE ROUTE

Morgan county representatives are expected to be in attendance at a meeting in the interests of the proposed Air Line automobile trail between Jacksonville and Alton, to be held at Greenfield at 1 o'clock on the afternoon of Monday, Nov. 22. Good road boosters from Alton, Brighton, Piasa, Medora, Rockbridge and Athensville will be there.

It is expected that a permanent organization for the Air Line route will be effected at that time.

EXPERIENCE COUNTS

When you have a bicycle that needs repairing, you want the work done by one who understands the business. I have had more than sixteen years of experience in all kinds of repair work. I know how it should be done. My work always gives satisfaction.

What 60 Years of Investment Service Means

CONFIDENCE of its clientele and a reputation for integrity are the only permanent foundations upon which an investment business can be successfully built.

THE Straus Brothers Company was founded in 1860. The growth and business expansion of the Nation since the Civil War is reflected in

the growth and broader scope of the financial undertakings of this house.

DURING 60 years, this business has survived wars, financial depressions, hard times—always forging ahead and maintaining its reputation for foresight and sound judgment in the service it has rendered to investors.

IN the years to come the problems of safe investment will be no less difficult. The investor of today can purchase Straus Brothers securities with the same confidence in their solid worth as old customers of this house have always enjoyed. Our issues are purchased outright with our own funds.

Straus Preferred Issues are attractive for large or small investors. The net yield is higher than is usually derived from securities affording the same degree of safety; free from normal federal income tax up to 8%. Write or call for a copy of our new booklet No. 123, entitled "Sixty Years of Safety."

Beautiful Doll For You

B-g D-l-y

Can you fill in the missing spaces above and complete the two words? It's easy—you can do it if you try. Just write Aunt Mary on the coupon below, tell her what the two words are and she will tell you how to get a beautiful big doll, over 15 inches tall, with movable arms and legs. This is a real baby doll, beautifully dressed with cap to match.

Girls Like Their Dolls

Dear Aunt Mary: I received your letter and I think it is the prettiest thing I ever saw. I have it with me all the time and I love it. I think you very much for it. Your friend,
Minnie Buder, Irvington, Ill.

You will feel just as happy and thankful when you get your big doll. And just think—she is yours for just a little easy work!

Aunt Mary Has a Dolly for Every Little Girl

She has already given thousands of dolls to girls. She has one all ready to give to you, too. Be sure and write quick. Send your name and address on the coupon below (or in a letter) and Aunt Mary will tell you how to get a beautiful doll like the one in the picture.

Send Coupon Below, Today, to
Aunt Mary 710 Popular Building, Des Moines, Ia.

Dear Aunt Mary, 740 Popular Bldg., Des Moines, Ia.

The two words are, B G D L Y.
Please tell me how I can get a beautiful doll like the one in the picture.

My name is.....

My address is.....

Better scalloped potatoes

Hot, creamy potatoes! How appetizing they look and taste—and how nourishing they are, too. Potatoes stand high in popularity as a food, and combining milk with them makes them even more "satisfying" than ever.

Particularly when you use rich, creamy milk like Libby's, for this milk from famous pasture lands improves everything in which you use it. You will notice immediately that the sauce on the potatoes is smoother, creamier, thicker! In custards, too, the richness of Libby's Evaporated Milk is noticeable.

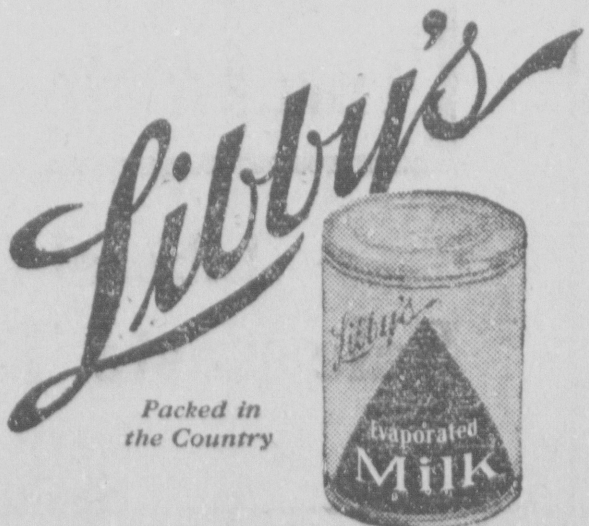

In cooking, when your recipe calls for milk, use Libby's Evaporated Milk and water, half and half. Whenever the recipe says cream, use Libby's Evaporated Milk undiluted.

Get a can of Libby's Evaporated Milk from your grocer and try this delicious recipe for Potatoes Supreme tonight.

Libby, McNeill & Libby, Chicago

Potatoes Supreme
1 cup Libby's Evaporated Milk
1 cup water
5 large potatoes
1 tablespoon minced parsley
2 tablespoons chopped onion
Salt and butter or butter substitute

Peel the potatoes and slice them thin. Put a layer in the bottom of a casserole, sprinkle over chopped onion, green parsley, salt and pieces of butter. Repeat the layers until all the potatoes have been used. Pour over the Libby's Milk and water mixed. Cover closely and set in the hot oven to cook. Before serving sprinkle minced parsley over the top.

Attorneys.

AMAZING WEIGHT
GAIN IS MADE BY
ILLINOIS WOMAN

Mrs. Kling Discovers She's More
Than 20 Pounds Heavier After
Taking Trutona.

"I've gained about twenty
pounds or more in weight and I
simply feel like a different person
since I've taken Trutona," was the
astonishing assertion made re-
cently by Mrs. Cora Kling, wife of
the foreman of the Emerson car-
riage Co., and well-known Rock-
ford woman, who lives at 846
North Second street.

"I never have an ache or a pain
any

A WIDE PUBLICITY.
The Jacksonville correspondent of the Chicago Tribune sent a very good account of the dedication exercises of the soldiers' monument and it was published with a very good cut of the beautiful structure. He also sent the same to the Springfield State Journal where it was used and is also to appear in their magazine edition.
A Tribune reader in Iowa seeing the name of Dr. Rammelkamp representing the county board in the exercise, wrote the gentleman stating that they were contemplating the erection of a similar monument there and asking for information on the subject. If they get as fine a piece of work as the one here they will have no cause to complain.

WHITE HALL MAN HAS LONG ARMY RECORD
Lieut. Fred C. Smith Receives Seventh Honorable Discharge After 22 Years' Service—Other News of Interest From White Hall.
White Hall, Nov. 13.—White Hall has the record for continuous service in the U. S. A. army by a volunteer in the ranks, in the person of Lieut. Fred C. Smith, who arrived this week with his seventh honorable discharge paper, with a record of having never once been in a guard house, and representing twenty-two years' of service in infantry, signal corps and coast artillery. His last re-enlistment was a little over a year ago, when he was sent to San Antonio, Texas. He has served in special capacities as electrician and gasoline engineer, and has held the titles of quartermaster sergeant and second lieutenant. Eight years more would place him on the retired list with pay, and this is an inducement that is weighing on his future plans. He is a brother of Gottlieb T. Smith, the market gardener.

Apples are being shipped to White Hall from New York state and sold at a more reasonable figure than barreled apples can be purchased right here in the great apple belt of Illinois. C. Meier has a sister in New York who is an apple grower, and despatching of securing a winter supply at home, he wrote her for two or three barrels, saying the price here runs from \$9 to \$11 per barrel. She replied that she is sending along a carload of firsts that he can sell at \$6 per barrel, the varieties being Baldwins, Greenings and a few extras, and there were included a half dozen barrels of Spitz that were to be sold at \$8 per barrel. The car arrived early this week, and were sold as rapidly as the people heard about the deal and could get to the apples. Each barrel bore the stamp of government inspection, as the shipment came through Canada. Here is a case of apples being shipped from New York and sold at from three to five dollars per barrel less than apples can be bought right in the heart of the largest apple-growing district in the world.

First Cold Wave of Season
A drop in temperature to twelve degrees above zero is the record for today, and it is the first cold wave of the season, sending all vegetation back to winter quarters. Some water pipes in the Grange block burst, flooding rooms occupied by the People's State Bank and Staples & Thompson. The cold wave began to show its fierceness during the Armistice Day frolic, when young and old people hilaried about town much after the original armistice celebration. The schools and all business houses closed at noon, and the indoor carnival of the American Legion post netted in the neighborhood of \$200 from the first day's operation of the three-day event.

Removed Change in Telephone Companies
It is rumored that the Illinois Telephone company has completed a deal for taking over the exchanges in Greene county of the

Central Union (Bell) Telephone company. Lacking official verification, it can only be stated that such a deal has been under negotiation for several years, and was apparently near consummation about the time the United States engaged in the World war. It would mean one exchange system in Greene county, a consummation devoutly to be wished.
Mr. and Mrs. Rev. Woolley have departed on their return to Schenectady, N. Y., after spending a fortnight with relatives at White Hall and Roodhouse, she being a daughter of Mrs. M. J. Gahuly of White Hall.

To Retire From Business
It is stated on good authority that there is about to be a change in ownership of the Roodhouse Envelope Company, and that Bert Todd is to retire from business. Mr. Todd and Wm. Moulton, the latter of St. Louis, founded the business about ten years ago, and it has been built up to large proportions, forming one of the leading Roodhouse institutions. The proposed change means that the plant will continue to operate at Roodhouse on as large if not larger scale.

PLATE GLASS IN PLACE.
A force of men was busy yesterday evening putting in place the heavy panes of plate glass in the new front of the Western Union Telegraph office. The work done there when completed will be a fine addition to the appearance of the place.
Joseph Lombard was up to the city from Waverly yesterday.

Shanty gets an Earful!
Friday

Howdy from New Orleans, PETE!
Say, old clock, you've got the time—maybe you'd like to hear this one! As we were rolling into New Orleans yesterday one of the men in the club car was recounting his cigarette experiences; how he finally pulled a trick on his luck and got set right!

"Well, I've had my cigarette lesson", continued the traveller, "I went up and down the line on cigarettes until I got hold of Camels and got deep into their quality and mildness and delightful flavor! There never was a blend such as Camels combination of choice Turkish and choice Domestic tobaccos! I'll say it—Camels taught me what a cigarette should be and they'll teach any man who smokes!" Thinks I to myself — "Sic 'em, judge, every word you spill is a sentence!"

Now, Pete, that's the kind of Camel thanksgiving stuff you get North, East, South, West and through the middle! That's all as true as that little sheep will wag their tails!

AN INTERESTING DISCOURSE
Sunday night at Congregational church Rev. W. E. Collins delivered a very interesting sermon on the Sabbath, as regarded by the Pilgrim fathers. Coming, as they did, from the severe persecution of the old world, it was not surprising that they were severe and stern in many ways although this has been grossly exaggerated. The old time, so-called "Blue Laws" were never enacted but were a spurious satire written for the purpose of holding the Pilgrim fathers up to ridicule. They were a people of stern virtue who would go to the stake, the block or the guillotine for conscience sake, but to them we of today owe a debt which cannot be estimated.

They gave a trend to affairs in this country which has ever been most salutary. Truly, the Sabbath was made for man and not man for the Sabbath. It is intended as a day of rest, and while gas works, cross continent railroads, hotels and some other branches of industry are unable to avoid seven days labor a week, all mankind is far better off by taking a day in seven for cessation from regular labor. The Pilgrim was austere, yet how immensely ahead of his time he was and what grand legacy he left to posterity by inculcating great respect for the holy day.

The sermon was a good one and made a fine impression on the audience who heard it.
The late President Sturtevant used to say that when he discussed Sunday he was inclined to begin at the other end; that is, to emphasize the temporal welfare resulting from an observance of the first day of the week. In fact, he argued, man can not afford to work seven days a week. He cited the cases of several eminent men he had known as illustrating the point. A prominent lawyer had an important case which was in addition to his regular business. He gave Sundays to working on it and within three years he was a nervous wreck. On the other hand he mentioned the case of an eastern college president whose labors were almost Herculean, but who rigorously devoted the first day of the week to rest and his life was wonderfully prolonged and his usefulness unimpaired to old age.

"Godliness is profitable in all things having the promise of the life that now is."
The writer had an uncle, a home missionary in Wisconsin in the 1820's. The old gentleman said in early days he several times had occasion to make long journeys with horses. On several occasions he started with those who had even better teams than his. They would travel seven days a week and he six, and he never failed to come in first at the end of the trip.

A bright sunny Sunday morning presents many temptations. It is very fine to take the car and ride into the country, but the fact of our debt remains. We owe our Heavenly Father true worship just as much as we owe a bank from which we have borrowed money and we can only repay the debt by an upright life and worshipping Him by going to church. What would our city be without churches? A number of persons tried that experiment, once starting a town they called Liberal, with no church or public acknowledgement of a Creator and the place became so rank and undesirable that they had to seek a preacher to establish a church and today there are two in that place.

Mrs. J. R. McLaughlin of Winchester made the city a visit yesterday.

Stewart Company Makes on 18% Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in War on High Costs

Price reductions averaging about 18 per cent, have been announced by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks.

"This bedrock reduction in Stewart prices means a large temporary loss to the factory while using up material on hand," said Mr. Lippard in making the announcement, "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced, are as follows:

Model	Old Price	New Price
3 1/2 Ton	\$4,100	\$3,395
3 Ton	3,200	2,575
2 Ton	3,075	2,495
1 1/2 Ton	2,450	1,995
1 Ton	1,850	1,650
3/4 Ton	1,450	1,295

Friday

Howdy from New Orleans, PETE!

Say, old clock, you've got the time—maybe you'd like to hear this one! As we were rolling into New Orleans yesterday one of the men in the club car was recounting his cigarette experiences; how he finally pulled a trick on his luck and got set right!

"Well, I've had my cigarette lesson", continued the traveller, "I went up and down the line on cigarettes until I got hold of Camels and got deep into their quality and mildness and delightful flavor! There never was a blend such as Camels combination of choice Turkish and choice Domestic tobaccos! I'll say it—Camels taught me what a cigarette should be and they'll teach any man who smokes!" Thinks I to myself — "Sic 'em, judge, every word you spill is a sentence!"

Now, Pete, that's the kind of Camel thanksgiving stuff you get North, East, South, West and through the middle! That's all as true as that little sheep will wag their tails!

I did some tall thinking as I browsed through the quaint old French quarter this evening—how universal the appeal of Camel cigarettes really is! Figure the travelling I've done and the people I've met — each city different from the other — AND Camels have been the ONE cigarette to be found everywhere—and the cigarette most smoked at each point! Pete, old backstop, it's wonderful the way smokers are sliding home to Camels!

Dallas, Texas, for me!

Yours
Shorty Camel
CIGARETTES

This Is An Extremely Important Announcement Concerning a Price Revision of Great Significance

Recognizing the economic fact that the buying public have eagerly awaited the return of lower price levels whereby they could purchase at substantial reductions seasonable merchandise to meet their needs—we have accepted the inevitable and will take an actual loss to meet the readjustment in changing price conditions. You realize that the only way to make them cost you less—is to sell them for less than they are worth. There is no thought of profit other than to gain your good will.

Our Store always noted for good values, make the prices quoted more impressive than otherwise. Kuppenheimer and other dependable makes for you to choose from. A sale of this magnitude in mid-season is a wonderful opportunity for you to supply your Winter needs at great savings to you.
